

Fuel Surcharge Fee

SET Environmental, Inc is committed to continuous improvement programs dedicated to controlling our costs in order to provide our customers with the high-quality service they expect. However, fluctuating fuel costs may escalate beyond our normal operating costs. The rising fuel and energy costs include but are not limited to the following areas.

- Fossil fuel and natural gas to operate our hazardous waste TSDF
- Diesel fuel for the SET transportation fleet
- Diesel fuel for subcontracted transporters
- Fuel for heavy equipment
- Gasoline costs to run smaller work vehicles
- Transportation costs to deliver to landfills, wastewater treatment facilities and other locations
- Fuel surcharges are often applied to products and supplies from our vendors utilized to run our business

Note: Rates will be extrapolated if fuel prices exceed \$8.08 gallon. National diesel fuel averages are published weekly at www.eia.gov.

The Fuel Surcharge is applied on the invoice for utilized fueled equipment and is shown separately. The Fuel Surcharge is established monthly based on data from the U.S. Department of Energy for the national average diesel price https://www.eia.gov/petroleum/gasdiesel/ The U.S. D.O.E. data is a publicly available, objective index that is widely recognized in the hazardous waste transportation and disposal industry
